

Fuller Shield®

Perineal Binder

Comfortably and securely holds anal, perineal and sacral dressings in place.

Designed for a tailored fit and strike-through protection, the light-weight Fuller Shield® Perineal Binder comfortably and securely holds anal, perineal and sacral dressings in place without the use of tape or other adhesives. The open-front design and Velcro® fasteners simplify dressing changes on bed-ridden patients and facilitate male urination.

Unique Features:

- Adjustable unisex binder fits sizes 24-48
- Dressing holder
- Suitable for holding urological and radiation therapy implants in place
- Latex-Free
